

# Estimate the Crop Yield Using Data Analytics

## LOADING THE DATASET

The screenshot displays the IBM Cognos Analytics with Watson web application interface. The browser address bar shows the URL `us1.ca.analytics.ibm.com/bi/?perspective=home`. The page features a dark header with the IBM Cognos Analytics with Watson logo, a search bar, and user profile icons. A blue maintenance banner at the top states: "Maintenance: Scheduled maintenance completed. Click More Info for details and to subscribe to future events". Below the banner, a large hero image shows a 3D visualization of data cubes. Two buttons, "Watch video" and "Take a product tour", are positioned on the left. The "Quick launch" section contains four tiles: "Upload data" (with an upload icon), "Prepare data" (with a data flow icon), "Exploration" (with a magnifying glass icon), and "Present data" (with a presentation icon). The "Upload data" tile is highlighted with a blue border and contains the text: "Upload or drag and drop spreadsheets, csv files, and other data sources." At the bottom, there are tabs for "Get started" and "Recent".
